

Drum pump motors

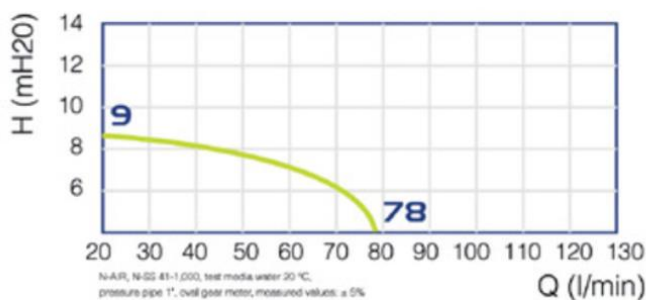

N-AIR 1

300 Watt at max 6 bar operating pressure, IBEX U05 ATEX B007 X

with silencer and a brass ball valve for control compressed air. This regulates speed of the motor and varies pumping capacity.

PERFORMANCE CURVE N-AIR 1

OPERATING DATA

Flow rate	up to 78 l/min
Head	up to 9 m
Viscosity	up to 400 mPas
Density	up to 1,3
